This week's
PREVIEW

GOODBYE DOCTOR!

WHAT HAPPENED?

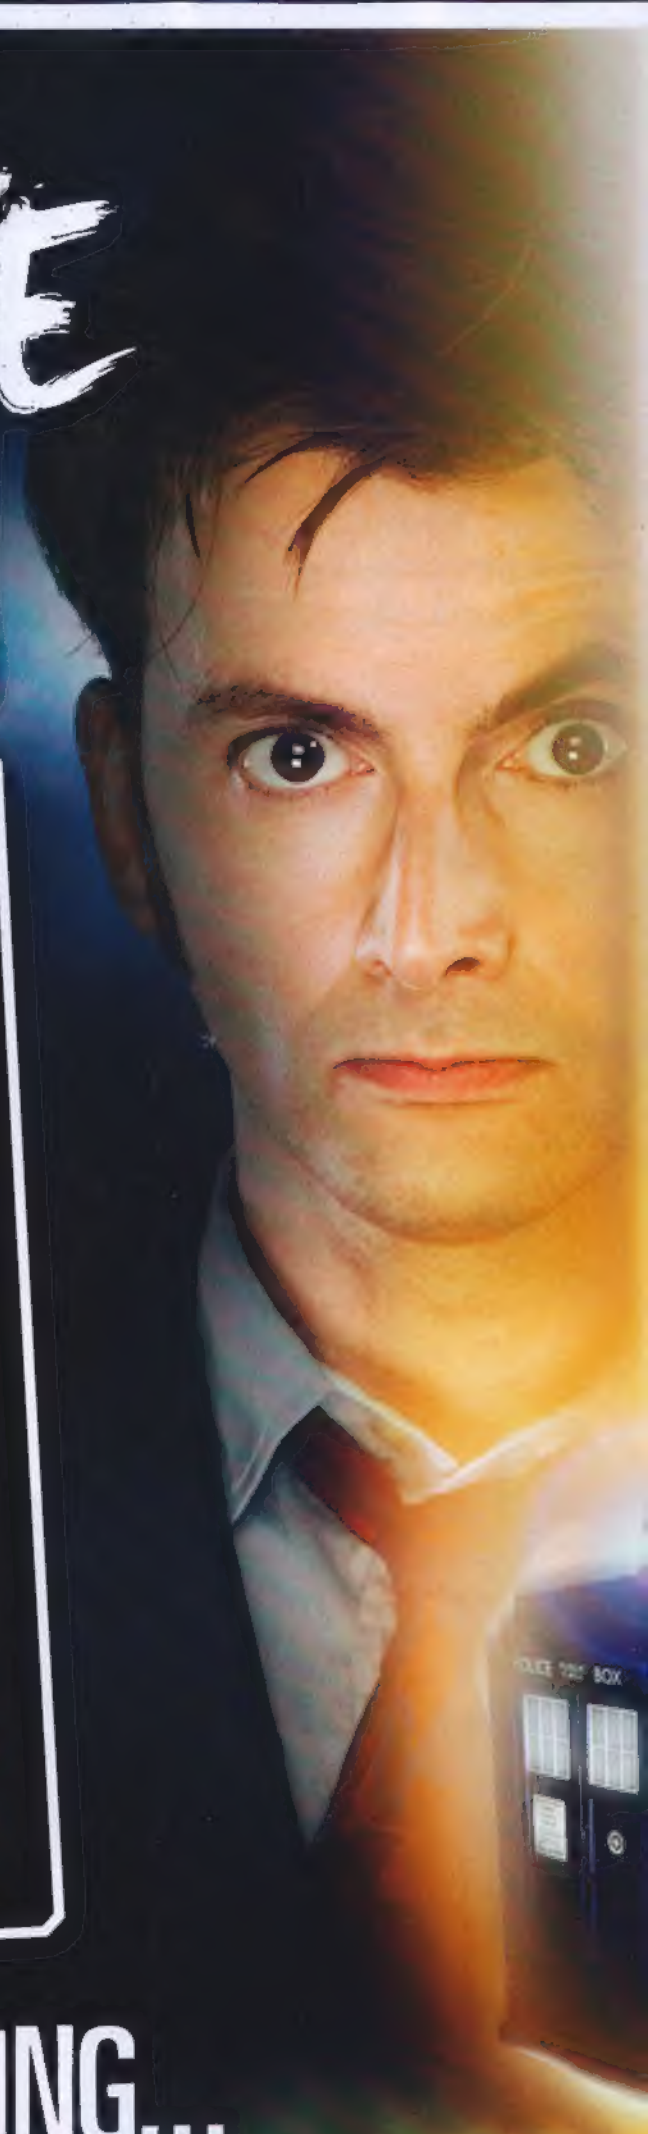

The Doctor has regenerated! His whole body has changed and he looks like a completely new man. Don't worry, though — underneath he's still the same hero that you know and love.

WHY DID HE HAVE TO CHANGE?

David Tennant, who has played the Doctor so brilliantly since 2005, decided he wanted to leave the series. He was very sad to go, but wanted to go on and do different things.

HAS THIS HAPPENED BEFORE?

Yes — there have now been 11 different Doctors. It might seem strange to see someone new in the TARDIS, but we're absolutely sure you'll love the new Doctor as much as you loved the old one.

THIS SONG IS ENDING...

HELLO DOCTOR!

SO, WHO'S THIS?

It's the new Doctor, played by Matt Smith! You've already seen him make a spectacular entrance at the climax of *The End of Time*, and we reckon he's going to be absolutely amazing!

WILL THERE BE A NEW SERIES?

Yes! *Doctor Who* is coming back with a bang. In 2010 there will be a full series of 13 brand-new episodes to enjoy. They're full of new scares, new monsters and new thrills.

WHO ELSE IS IN IT?

The Doctor will be joined on his travels by a new companion, Amy Pond, played by Karen Gillan. But how will they meet? And what adventures will they have? We can't wait to find out! GERONIMO!

... BUT THE STORY NEVER ENDS!

THE END OF TIME PART TWO

This episode was packed with some of the craziest moments ever – here are our faves!

1

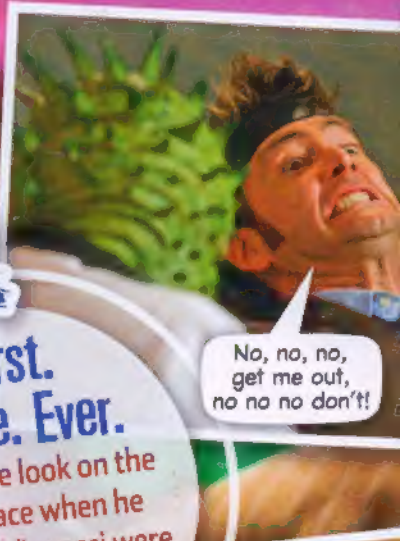

Time Lords

It was amazing to see the Doctor's people at last. He thought they'd been killed in the Time War, but they found a sneaky way to come back.

2

Worst. Rescue. Ever.

We loved the look on the Doctor's face when he realised the Vinvocci were planning to wheel him to safety. Ouch!

3

The Masters

One Master can cause all sorts of mayhem, so things were even worse when there were billions of him all over the world.

WHAT WE'LL MISS MOST ABOUT THE TENTH DOCTOR

We'll never forget the brave, brilliant and barmy Tenth Doctor

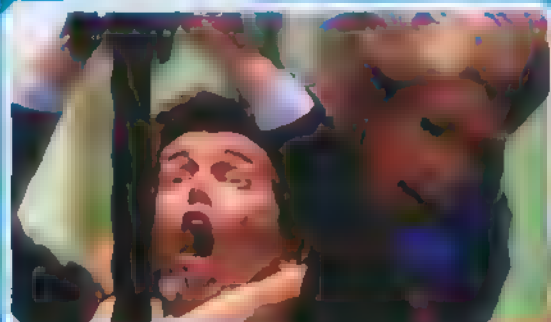

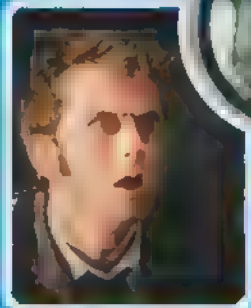

He loved life

Even when he was in danger, the Tenth Doctor thought life was brilliant and kept smiling. He

didn't have to try to be funny – he just was!

Remember when he saw Donna through the window at Adipose Industries?

He was always kind

The Tenth Doctor was always kind. He never let his enemies down and he was always there to help. He was a true hero.

When things went wrong for his enemies, he said he was sorry!

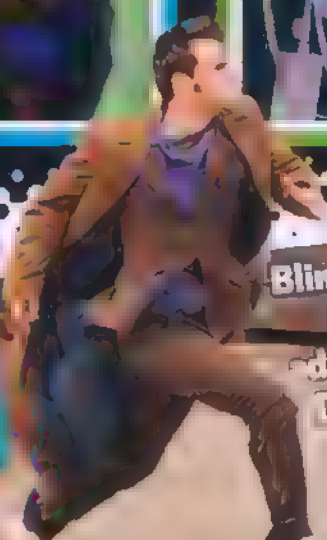

There's one more option. You can go. Just leave.

He was totally cool

With his glasses, snazzy suits, cool trainers and big, messy hair, the Tenth Doctor was the coolest Time Lord so far. Do you think you'll be as cool when you're more than 900 years old?

RUN!

Blimey, he could run! Anyone who had adventures with this Doctor had to learn to move very fast to get out of tricky situations.

DOCTOR · WHO
ADVENTURES

This week's **MONSTERS**

The Doctor has battled lots of ferocious foes over the years. But what does it take to be the biggest and baddest monster?

What they say

Cybermen and Daleks can terrify their enemies with just one word. But monsters don't have to be loud to be spine-chilling. Some of the scariest don't say anything at all!

DELETE!

EXTERMINATE!

WHAT MAKES THE **PERFECT MONSTER**

Completely beastly

Monsters don't always have to look like strange aliens – even a normal statue can be the scariest thing in the world. Here's a hint, though – if they look like a giant spider, rhino, cat, pig or beetle, run away – fast!

Slitheen schemes often involve stealing!

Master plans

Monsters often have a grand plan to steal something that doesn't belong to them. This can be money, a planet or even a body! And if you try to stop them, they tend to get rather angry.

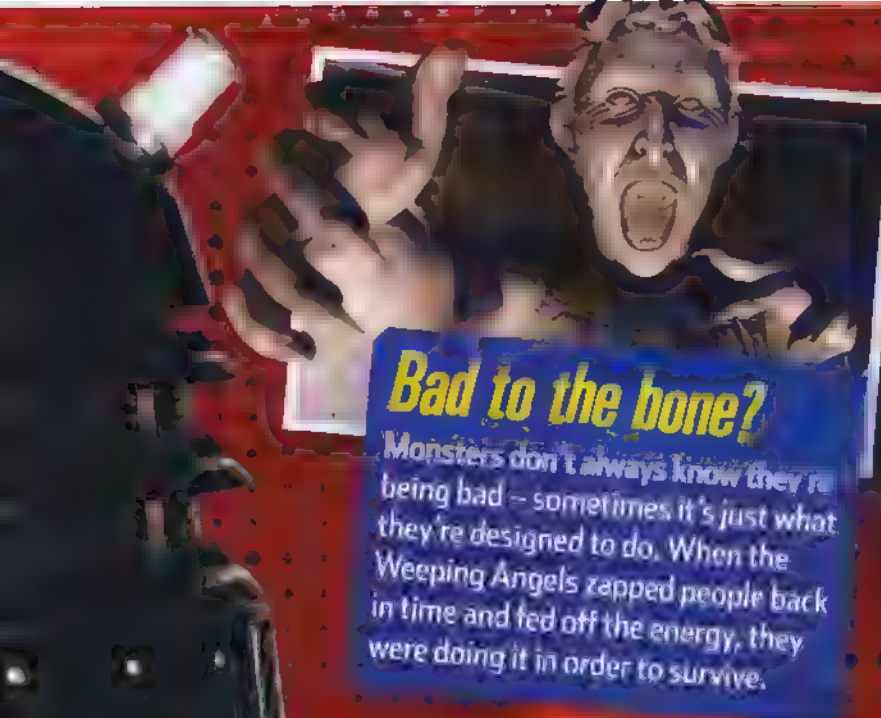

OINK! OINK!

BZZZZZZ

Scare factor

To be the perfect monster, you've got to be super-scary. We loved the Adipose, but they were more cute than creepy! If your television tried to steal your face, though, like the Wire did, you'd be very scared indeed! Eeeek!

Bad to the bone?

Monsters don't always know they're being bad – sometimes it's just what they're designed to do. When the Weeping Angels zapped people back in time and fed off the energy, they were doing it in order to survive.

MONSTER?

Creepy comebacks

Keep one eye open – the perfect monster is one that is never really beaten. Be careful when you step out of the TARDIS because they might just be back again! The Eleventh Doctor and Amy had better beware.

Lady Cassandra, Dalek Caan and the Judoon all reappeared

BEST OF THE WORST!

QUADS OF SCARES EVERY WEEK!

The **DALEKS** always come back – the Doctor has fought them more times than any other monster.

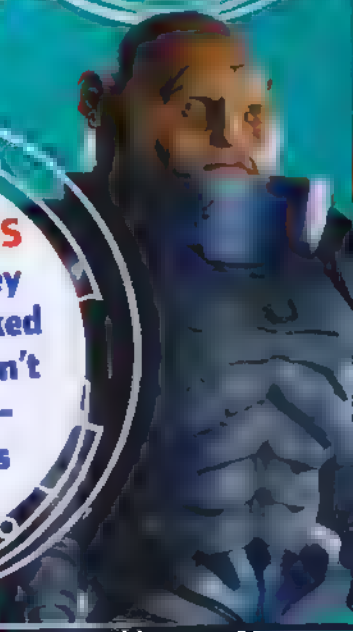

The steel **CYBERMEN** want to upgrade you to make you just like them – monsters made of metal with no feelings!

You'll never see the **WEEPING ANGELS** coming if you close your eyes, even for a second. Don't blink!

The **SONTARANS** live for war. They look a bit like baked potatoes, but don't laugh at them – they're vicious and mean.

DOCTOR • WHO

Two ships dart through ruined cities on the abandoned planet of **Jelsen** - locked in a race for their lives!

THE HIGHEST STAKE

Have you flown one of these before, Doctor?

THE TENTH DOCTOR'S UNTOLD STORIES

Story EDDIE ROBSON Art JOHN ROSS Colours ALAN CRADDOCK

The Doctor and Heather were exploring the planet when they were **captured** and forced to race.

Never! But I'm sure I'll get the hang of it. Still not sure about this 'Race or die' business, though!

Well, that was the only choice those **glowy-eyed weirdos** offered us!

The Doctor and Heather's opponents are **Jossi** and **Karter**, two young friends who wandered **too close** to the planet.

Bank round on this corner. Try and **cut them off**, make them slow down.

Somebody's got to lose this race - and it's not going to be **us**!

The **Lords of Jelsen** are pleased with how their race is going.

Let's make this **interesting**. Summon the **N-Fish**!

Er, Doctor... What are **those**?

N-Fish!
They're *blocking*
our way. Hold
tight, Heather.

Why? What
are you going
to do?

See, Heather?
The tail *looks* solid,
but really it's about
as tough as *hair*.

ZWOOOM!

Look! Is that what
will happen to us if we
lose? *Trapped* here
like *ghosts*, making the
exact same circuit over
and over again.

Those Lords are
a *cruel* bunch. No
wonder this planet's
been *abandoned*.

They are
about to arrive at
the *Fork of Fate*
- this could decide
the winner.

This is *most*
entertaining.

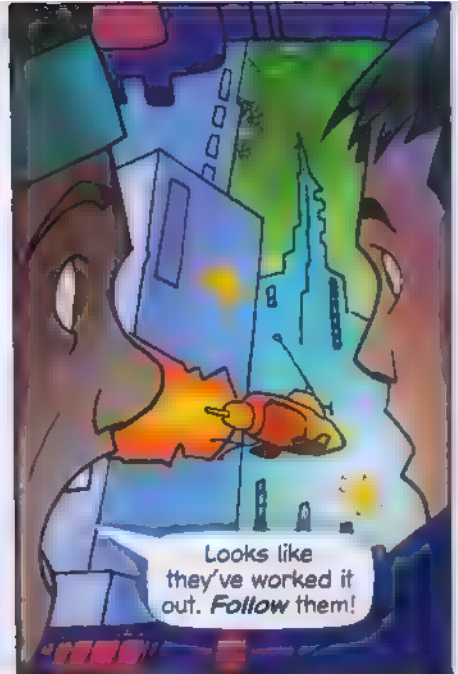

Er... Which
way do we *go*?

I don't know!

Doctor, all the paths have got *ghost ships* going down them, except *that one*.

Most of the *losers* will have chosen the *wrong* path here. So that's probably the *right* route.

Looks like they've worked it out. *Follow* them!

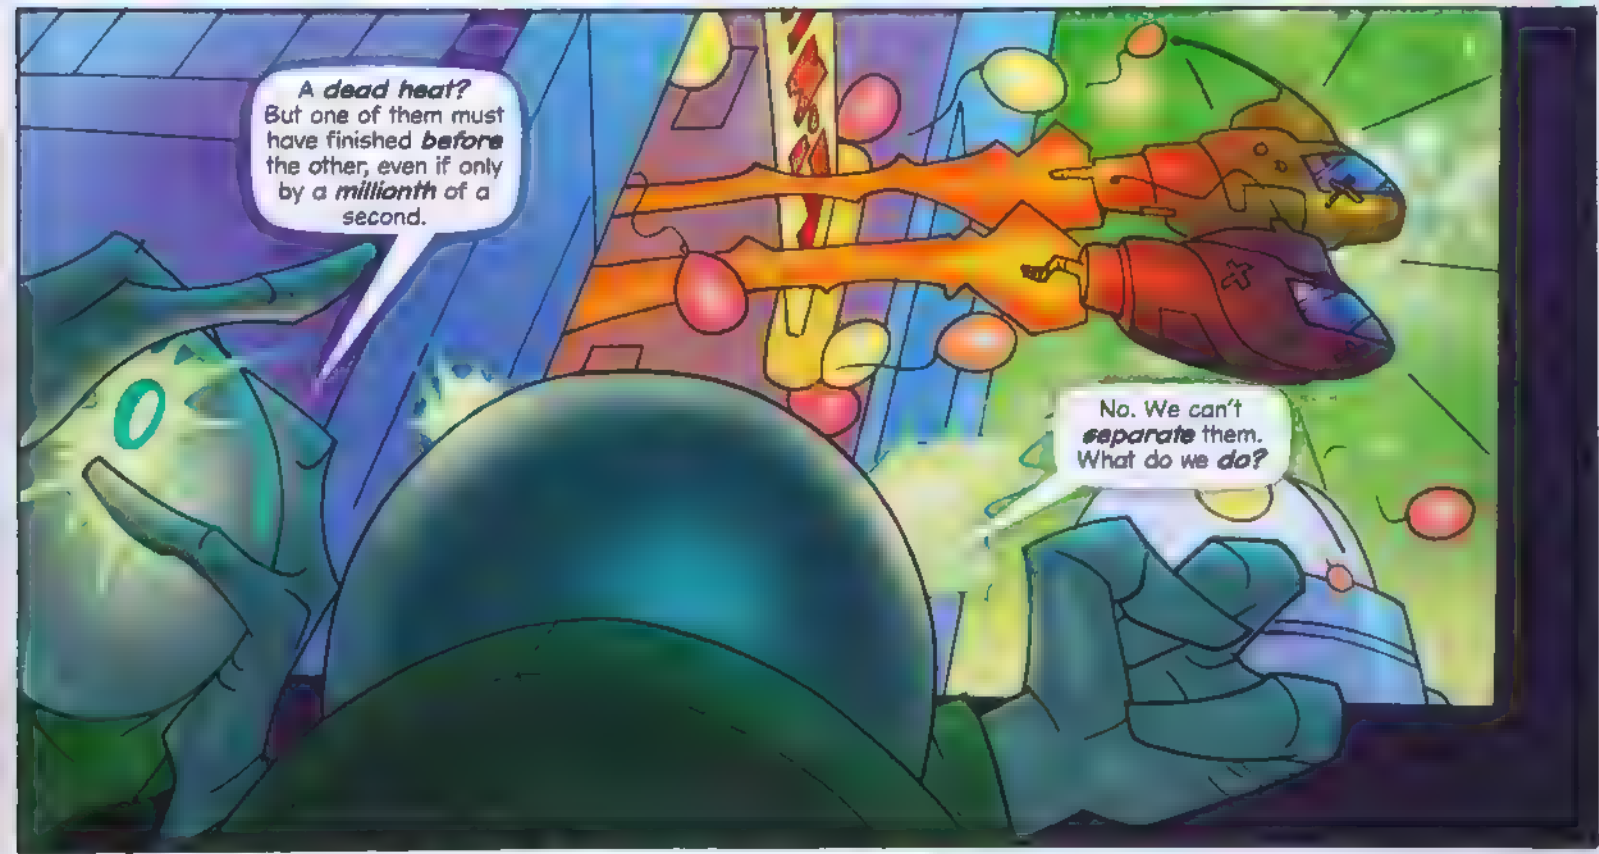

The *finish line* - and we're in the lead! But that means the others be *trapped* here!

Don't worry, Heather - I've got an idea.

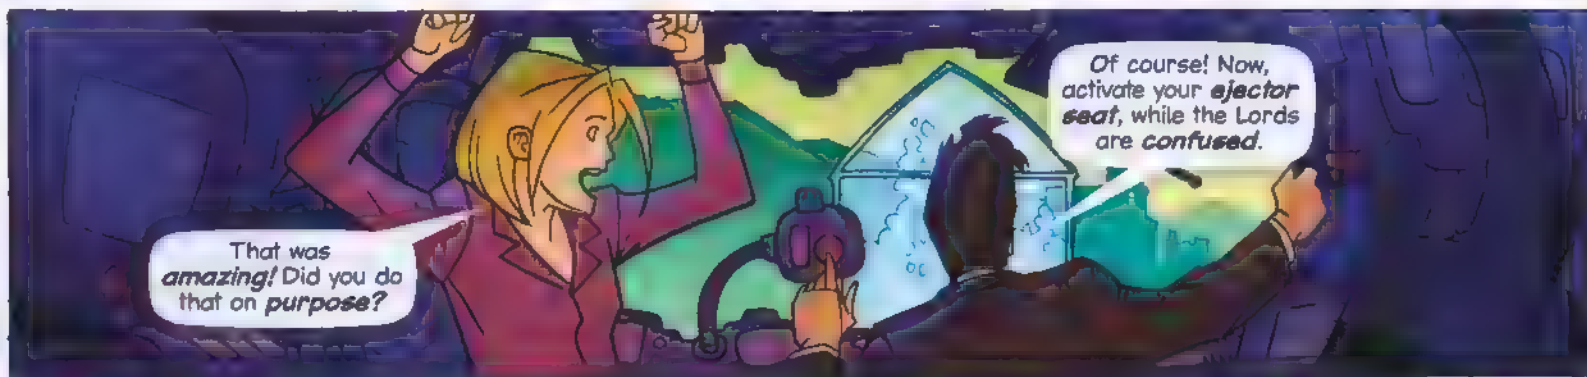

What? Are they... *slowing down*?

Yeah, they are. *Definitely*. But why?

A *dead heat*? But one of them must have finished *before* the other, even if only by a *millionth* of a second.

No. We can't *separate* them. What do we do?

That was *amazing*! Did you do that on *purpose*?

Of course! Now, activate your *ejector seat*, while the Lords are *confused*.

CRASH!

What's that tower?

It's the *capture system*. When you lose, it traps you as one of those 'ghosts'...

... But now that it's *gone*, the ships will all be able to *escape*!

Wow! That was pretty *smart driving*! Need a lift?

Yes please! Let's *get out of here* before the Lords get their act together.

So how did you *do* that?

It was all a matter of *timing*...

NEXT WEEK!

THE DOCTOR'S DATA

The Elder of the Ood

Who is he?

The Elder is an ancient and wise old Ood. He is troubled by visions that he does not fully understand.

How do his visions happen?

He gathers a circle of Ood to sit and join hands. When the circle is complete, the visions begin. This is called the Dreaming.

What do the Ood see?

They are able to see both the past and the future. The Elder knows that a mysterious hand picked up the Master's ring after everyone saw him die. He also has visions of Wilf, and says that everyone in the universe is having bad dreams about the Master.

How can he see all this?

The Ood have gained the power to see through time because time is bleeding. The Elder warns the Doctor that events from years ago threaten to destroy the future, the present and the past. His eyes turn red when he gives this warning.

WATCH OUT FOR...

The Elder's head — it looks like a brain that's been split in two. Yuck!
